WE DO IT ALL!

Not only do we provide exceptional 24 hour ER medical care for your pet, we also offer Grooming, Lodging and Daycare.

Our Grooming staff is ready to help your pet look and smell their best. We offer baths and haircuts for every breed. Essential services such as nail care, teeth brushing and gland expressions are also available.

Lodging and Daycare are also a great option should you need some time away but want to pamper your pet in our convenient location.

From start to finish, we make your pet's health and wellness our top priority.

EMERGENCY CARE AND GENERAL PRACTICE

At Sumner Veterinary Hospital, we understand the depth of love you have for your animal companion and try to match that compassion in every interaction. In fact, we share the very same bond with our own furry, feathered, or scale-covered friends.

Our staff strives to work as a team and collaborate as one whole unit to ensure that we are providing the best possible care for your beloved pet. That's what makes treating our patients with gentle, loving care so easy at every stage of their life.

We're open 24 hours a day, seven days a week and are open to help your pet in an emergency.

General Practice appointments are available 7:30 AM to 6:30 PM to accommodate your schedule.
