

Announcement for Construction in 2021

June 5th, 2021

Our goal is to provide your pet with the highest level of medical care possible. In order for us to continue to meet that goal, the time has come for us to update certain areas of our facility while expanding others.

Starting in mid- June, you will see some big changes happening to both buildings.

We will still be fully operational and provide all of the services you have come to expect from us here at Sumner Veterinary Hospital.

In order to continue with day-to-day business, you will see some adjustments in our parking lot to help ease the flow of traffic. We will have signs posted throughout the parking lot to help direct traffic as well as additional staff to help answer any questions you may have.

We will continue to share as much information as possible in order to ensure that you will be comfortable throughout the different phases of our expansion and construction process.

Hospital Services, General Practice Appointments, Emergency & Critical Care Visits & Rehabilitation Appointments will utilize the south end of the parking lot with signs clearly posted marking parking spots as well as Check In Instructions.

Pet Services-Grooming, Lodging and Daycare will have spots designated when you immediately access the parking lot and parking will be clearly marked.

We will continue to provide care with curbside drop-off and pick-up, with limited access to our facility. Upon arrival to our clinic, please remain in your car and call or text us for further instruction.
